Winner

Lollipop Bakery has rocketed up the BUZZ rankings and is now sitting at No. 4, ahead of Hatsune. Not bad for delivery-only cupcakes.

Loser

Red House. This dodgy underground club in 3.3 has drawn serious allegations. User *oili* claimed he had his iPhone lifted and then was hustled out by thugs.

Beijing Says

kim8318 on GAP Goes Online in China:

"I am so thrilled to hear this. GAP is one of my favorite U.S. brands. It is casual and comfortable. I hope Polo Jeans, A&F, A&E and Hollister could follow GAP and come to Beijing."

beijingdaze on Peter's Tex-Mex Continues To Delight:

"Indeed, still one of my favorite places in this city. Their wine prices are also extremely reasonable."

tkktony on Parkour in Beijing:

"Sweet! I've been waiting for something like this for a very long time. I'm a traceur myself. The downside is that the crew doesn't speak English at all. It's hard for an English-speaking traceur who does parkour in Beijing."
